Dear The Federal Communications Commission,

Dear Chairman Martin,

I regret to inform you that your proposal of highering rates for all wireless customers is unfair in my opinion. In these times, with the gas prices being so high and medicade being cut for the lower income families, would not be a great proposal to anyone at this point.

I am a lower incommed wireless customer and I would not want to have higher prices added to anything else, including cell phone air time rates. I am old enough to have a job and knowing in my age pierod a penny, let alone a dollar will not go far any more.

I'm sorry to disagree with your idea, I'm sure the idea addressed would be considerable later on down the line. As of right now, I ask of you to reconsider what you have asked from the current wireless customers of today.

Once again, I thank you for your time and I hope you make a reasonable decision.

Tracfone and Nokia Pre-Paid wireless customer, Sincerely,
Christina Cokley 121.S.Pinewood Republic,MO 65738 Please write
